

How can **lived experience** better inform developments and service delivery in your organisation?

Common Room can help you explore this.

Why **COMMON ROOM**?

- We bring **over 20 years of experience** supporting organisations to facilitate meaningful co-produced work with children, young people and vulnerable adults.
- We can explore common misconceptions and help **overcome barriers to good involvement work**.

Tried and tested involvement and co-production approaches within organisations and across professional networks.

- ✓ Expertise on writing and implementing effective **service user involvement strategies**
- ✓ Advice and practical support to set up **new involvement structures** which embed relevant lived experience in your setting.
- ✓ Facilitation of bespoke **service user steering groups** and YPAGs (Young Person Advisory Groups) to inform service delivery and development.
